Susannah MacDonald

Set Builder: Colin Robinson

Lighting Design and Video Projection:
Michael Short, Sam Warne, Michael
Maybury, Michael Swayne

Sound: Theo Fraser

Backstage: Oliver James,
Chloe Witherby and Abigail Paterson

BUGSY MALONE THE 2022 VERSION

2 years ago, we came very close to performing Buggy Malone with a huge cast and crew but Covid stopped the show at our dress rehearsal!

Luckily for us, most of our lead performers Izzy, Amari, Alia and Lily are still with us at school 2 years later. So, we asked if they'd like to do the whole thing again and they said yes! So, we've spent just 5 weeks rehearsing our new version 'Buggy' and we've had a great time with our cast and crew who come from all different year groups and houses.

We decided to edit the script and cut out some scenes to limit the potential impact of covid on this production. We have invented some new movie scenes so that we could safely have lots of different pupils involved; the pupils in the movies decided what they would like to do and they worked with a professional film maker to film their scenes around our campus.

Each year our Drama Department produces at least 6 different shows for audiences, ranging from plays to musicals and devised pieces. We encourage our pupils in all aspects of theatre making, including performance, design, directing and writing. We make sure that there is an opportunity for every single pupil to be involved in theatre in some way on stage or behind the scenes... We love what we do, and we hope you enjoy this production!

BEWARE - THERE IS SPLURGE OUT THERE!
